S H E L V I N G & D I S P L A Y S Y S T E M S

INTRODUCTION

For nearly fifty years, Spacesaver has been a leader in the storage industry, earning over one hundred patents and thousands of satisfied customers along the way. Today, thousands of libraries around the world rely on us for consistent quality, shelf after shelf, frame after frame. Whether your school is a college or university, public or private, K-12 or special needs, we have the experience to respond creatively and comprehensively to your library's needs. Today, you need to shelve media, and also display and merchandise it. As such, we are continually expanding our line of specialty shelves and accessories, keeping up with the demands of today and tomorrow. At some point you may need to reconfigure – that's where Spacesaver Library Shelving products really pay dividends. Every shelf, frame and accessory is manufactured to the strictest standards, ensuring simple reassembly. In addition, Spacesaver shelving is designed to achieve maximum capacity in both static and mobile configurations.
