

Space Planning Solutions

Storage. For Good.™

Since 1978 Spacesaver Specialists, Inc. has provided storage solutions to companies in just about every market and industry. Whether it's records, small parts, oversize materials or even personal storage, we have a solution that will fit. Family-owned and operated in Tualatin, Oregon we are committed to providing the best products, installation, and service. Thank you for taking the time to consider what storage solutions we can provide for your business.

MAINTENANCE AND FACILITIES | MOBILE STORAGE SYSTEMS

Eliminate wasted aisle space by mounting shelving on mobile carriages and increase storage capacity or open up room for other uses.

MAINTENANCE AND FACILITIES | PALLET RACK ADD-ONS/MODS

Modify your existing pallet racking to increase storage capacity or improve organization and safety with these add-ons.

MAINTENANCE AND FACILITIES | SHELVING AND MEZZANINES

MAINTENANCE AND FACILITIES | FrameWRX™ STORAGE SYSTEMS

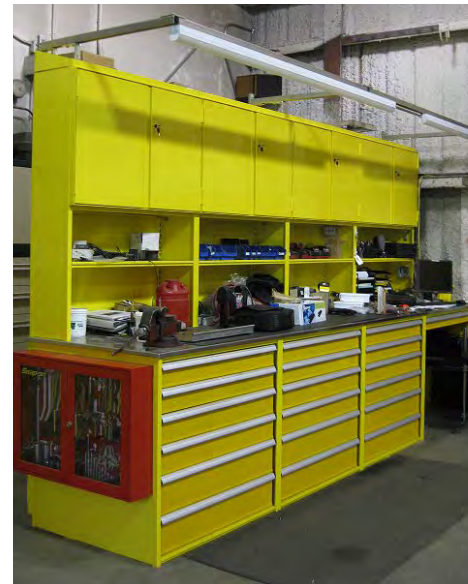

FrameWRX™ facilitates efficient retrieval of frequently accessed items. The system is fully configurable, allowing users to make adjustments on the fly. And it provides even more convenience and flexibility when mounted on a cart, installed in our high-density lateral system (FrameWRX™ HD), or installed in one of our mobile shelving units.

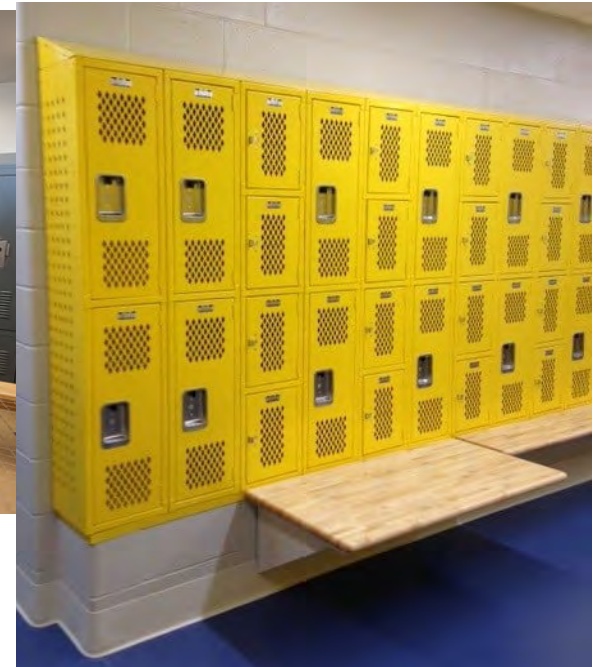

MAINTENANCE AND FACILITIES | WORKSTATIONS AND CABINETS

These units have been designed to make your space functional and organized. Because they are modular, they come in a variety of configurations to meet the needs of your company and employees. There are multiple options to choose from, including stationary or mobile cabinets and workstations, with or without a frame over the work surface.

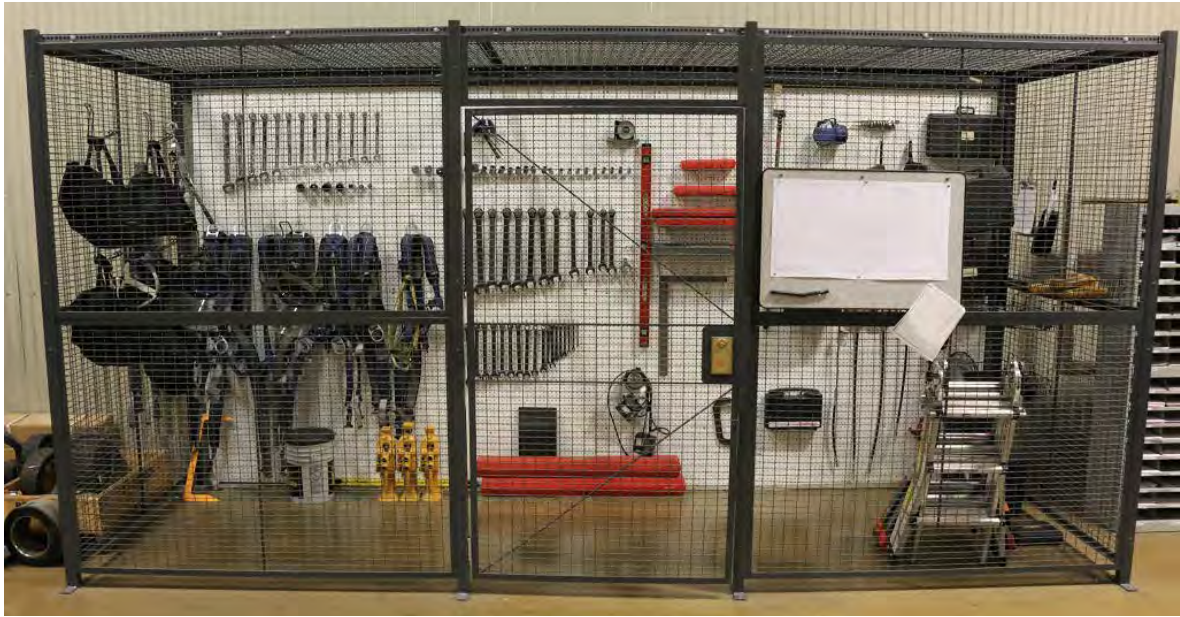

MAINTENANCE AND FACILITIES | SECURITY - LOCKERS AND WIRE PARTITIONS

Lockers can provide a secure way to protect personal property and valuable items or serve as distribution or technician lockers. Ideal for employee lockers rooms or tool storage and customizable to many configurations. We offer dozens of locker accessories to further tailor to your specific needs.

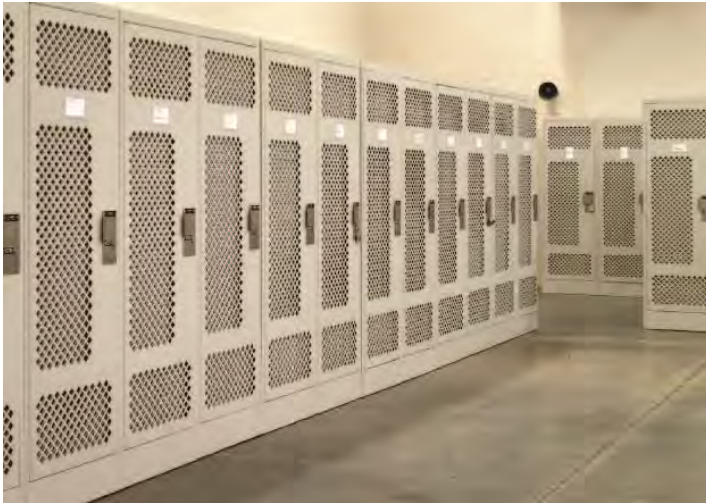

MAINTENANCE AND FACILITIES | SECURITY - LOCKERS AND WIRE PARTITIONS

MAINTENANCE AND FACILITIES | DRYING ROOM

In the Pacific Northwest rain, mud, and moisture are unavoidable. Drying rooms with ventilated lockers and open shelving can help alleviate musty, damp locker rooms or closets by providing a defined area for clothing and gear when coming in out of the weather.
